Comfortable and Safe Networking

Meaningful engagement doesn’t have to be complicated. Networking and connecting with peers face-to-face is a key objective of attending in-person events. Delivering environments which facilitate both ad-hoc and in-depth networking is important in accommodating attendee needs and will allow attendees to connect with peers effectively, comfortably, and safely.

To help you feel confident as you begin to plan your in-person and hybrid events, we have developed Freeman SafeConnect. This program includes standards, protocols, and service offerings that reflect our values and commitment to safety and wellbeing — for our people, our customers, and our attendees.

Top Design Tips for Tradeshow Booths.

1. Spin Around.
Swivel chairs in small spaces maximize functionality and allow you to engage with those all around!

2. Get Connected.
Communal tables help facilitate networking opportunities and build connections.

3. Creature Comforts.
Design a comfortable “living room” space with soft lounge seating to relax clients and encourage conversation.

4. Keep it Green.
Don’t forget the greenery to warm up your booth environment by bringing nature indoors.

5. Demo Down.
Square or circular ottomans are a great way to design small theaters for quick demonstrations.

6. Level the field!
Low and casual seating makes clients more comfortable and open to learning.

7. Stay Social.
Stylist furnishings to create shareable moments worthy of Instagram.

8. Gather Round!
Ottomans styled around a side table create an informal campfire setting for small group discussions.

9. Charge it!
Powered tables and seating encourage clients to linger in the booth and recharge.

10. Provide a Pop!
Colorful furnishings attract attention and help reinforce brand themes.
